Correction to: *Nature Communications* <https://doi.org/10.1038/s41467-019-13005-8>, published online 31 October 2019.

The original version of this Article contained an error in Fig. 1, in which the images shown in panel 1b were inadvertently duplicated from those in panel 1a. This error was introduced during the preparation of figures during the revision process. This has been corrected in both the PDF and HTML versions of the Article.
