Subject: re: Photos in PhD Thesis

Hello,

It is OK for your request, subject to mentioning the source, as the usage, and as it should be.

Give me the references of the desired photos, and I will send you the originals.

cordially

André Lequet (Treillières / Nantes F-44)

Dear Andre Lequet,

I am completing my PhD thesis at Imperial College London entitled 'Natural Photonic Structures: Primarily helical structures in scarabaeidae beetles'.

I seek your permission to reprint, in my thesis an extract from: <https://www.insectes-net.fr/cetoine/cetoi3.htm>. The image to be reproduced is: the attached images of *Cetonia aurata* going through chromatogenesis.

I would like to include the image in my thesis which will be added to Spiral, Imperial's institutional repository <http://spiral.imperial.ac.uk/> and made available to the public under a Creative Commons Attribution-NonCommercial-NoDerivs licence (open access).

If you are happy to grant me all the permissions requested, please return a signed copy of this letter with your acceptance. If you wish to grant only some of the permissions requested, please list these. Naturally, I would fully reference your work and include any acknowledgement you deem appropriate.

I also must say that I really like your website, it has much very useful and interesting information on the subject that I cannot find elsewhere.

Yours sincerely,
Ian Carter
(ic12@ic.ac.uk)

Permission granted for the use requested above:

I confirm that I am the copyright holder of the extract above and hereby give permission to include it in your thesis which will be made available, via the internet, for non-commercial purposes under the terms of the user licence.

[please edit the text above if you wish to grant more specific permission]
